

Experienced Fabrication Technician/ Optical Polisher Job Posting – Boulder, CO

Alpine Research Optics is looking for an experienced Fabrication Technician / Optical Polisher to join our team! If you are detail-oriented, patient & methodical, and take pride in a job well-done, we would love to talk with you about this exciting opportunity!

Established in 1991, Alpine Research Optics has a distinguished reputation for providing optics to the laser, semiconductor, and medical & scientific research markets, produced in its clean modern facility in Boulder, CO. We are very proud to have many of the world-renowned universities and national laboratories as permanent customers. Learn more online at <https://arocorp.com/>.

DUTIES AND RESPONSIBILITIES:

- Polish spherical optics to tight specifications, using spindle pitch polishing machines
- Must be able to block parts and make polishing laps
- Experience polishing a variety of materials, including fused silica as well as precision glasses
- Comfortable with using interferometer as well as test plates to measure parts

REQUIREMENTS:

- High school diploma or equivalent education or experience as deemed by ARO Management
- 5+ years of optical polishing experience
- Ability to read and work from technical drawings and instructions
- Methodical, detail-oriented, and organized
- Flexible and adaptable to changing priorities
- Production-minded
- Strong work ethic
- Positive attitude

ABOUT OUR BENEFITS:

ARO offers a competitive benefits package for our full-time employees, including: medical and dental insurance, life insurance, short-term disability, simple IRA with company match, paid holidays, and paid vacation.

Day shift (7 a.m. to 3:30 p.m.), with a 30-minute lunch break.

Starting Wage at \$25-30/hour, based on experience.

ARO is an Equal Opportunity Employer. We respect and seek to empower each individual and support the diverse cultures, perspectives, skills, and experiences within our workforce.
